

6. Add a 'Text & Image' component into the 'main' Area.

▼ Detailed steps

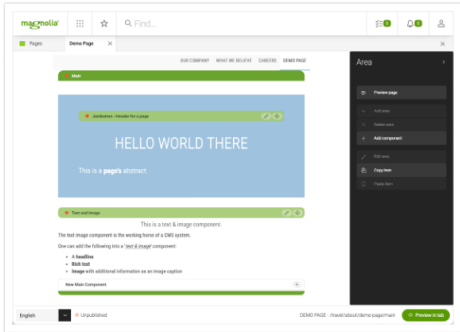

- Click on the content area bar or 'Main'.
- Click again on the "+" icon in the component bar or 'Add component' from the Actionbar.
- Choose the 'Text and Image' component.
- Add header and text values then save changes.

e. Your **Demo Page** should now look something like this:

Containing two components:

7. Preview your work!

▼ Detailed steps

- Choose the "Preview page" from the Actionbar.
- Preview the page in different channels:
 - Desktop Preview
 - Tablet Preview
 - Smartphone Preview
