

a. Cierre y vuelva a abrir la aplicación 'eventos'. Debería ver las posibilidades de filtrado de las columnas 'Ubicación del evento', 'Fecha del evento' y 'Tipo de evento'.

The screenshot shows the Magnolia CMS interface. At the top, there's a search bar with the text "Type to search...". Below it, a table lists events. The table has columns: "Event Details", "Event Type", "Start Date", "End Date", and "Event Type". The "Event Details" and "Event Type" columns are highlighted with orange boxes. A right-hand sidebar titled "Actions" is open, showing options like "Add New", "Add Date", "Delete Item", "View Item", and "Import".
