

The screenshot displays the JCR workspace interface. At the top, there is a search bar with the placeholder text "Type to search...". Below the search bar, the "JCR" workspace is selected. A table with the following columns is visible: Name, Value, Type, and Status. The "events" dropdown menu is highlighted. The right sidebar shows the "JCR workspace" panel with options like "Add current node", "Add property", "Create item", "Export to disk", "Import to disk", and "Import".
